Dear Sir/Madam:

The petition dismissal dated October 21, 2010, states that the petition under 37 1.137(B), filed March 17, 2010, the contents of which are incorporated herein by reference, has not satisfied the requirement of submitting a proper response to the April 22, 2009 final office action.

Accordingly, Applicant has submitted herewith a Notice of Appeal and the required fee, in order to satisfy the requirement of submitting a proper response to the April 22, 2009, characterized by the Office as a final office action.

Applicant is still puzzled over how the office action dated April 22, 2009, can be considered a final office action since it is a first office action addressing an RCE submission containing claim amendments which were described as raising new issues after final, in an advisory action dated December 3, 2008.
